The following is an examiner's statement of reasons for allowance:

Claims 1-14 are allowed because the prior art does not disclose a mechanism for displaying the phases of the moon having an upper moon dial and a lower moon indicator , where the moon dial has two windows for simultaneously indicating the phases of the moon in both the northern and southern hemispheres. Claims 15 is allowed because the prior art does not disclose two windows simultaneously visible, and a lower moon indicator rotatable with respect to the dial, for displaying phases of the moon in one of the hemispheres, and allowing for the different appearance of the displayed moon phase. Bourquin et al disclose only one window for indicating one moon phase at a time.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
